UI Flow v2.0.0 – License & Usage Agreement

Thank you for downloading UI Flow v2.0.0.

By installing or using this extension, you agree to the terms below. If you do not agree, please remove all related files from your system.

1. License Grant

UI Flow v2.0.0 is a **free After Effects extension**.

Ae Flow Tools grants you a non-exclusive, non-transferable license to use:

- **UI Flow v2.0.0.zxp**

Use is permitted for personal and commercial projects.

2. Ownership

UI Flow is created and owned by Ae Flow tools. All scripts, compiled files, branding, and assets remain the intellectual property of the author.

3. Restrictions

You may NOT:

- Redistribute, upload, or publicly share the files
- Resell, rent, sublicense, or bundle the extension
- Share with users who have not downloaded it from the official source
- Remove branding, credits, or copyright notices
- Distribute modified versions

4. Permissions

You MAY:

- Use UI Flow in commercial and client projects
- Install on multiple machines you personally own or operate
- Modify for internal workflow needs (no redistribution)
- Feature the extension in tutorials or reviews (credit appreciated)

5. Disclaimer

This extension is provided **“as-is.”** No warranty or guaranteed technical support is included. The author is not responsible for any damages or losses resulting from its use.

Installation Guide

After Effects Extension Installation (ZXP)

1. Install a **ZXP Installer** (such as ZXP Installer or Anastasiy Extension Manager).
2. Open the installer.
3. Drag and drop **UI Flow v2.0.0.zxp** into the installer.
4. Restart After Effects.
5. Open **Window → Extensions → UI Flow**
6. Open Figma.
7. Go to **Community → Plugins**.
8. Search for **“UI Flow”**.
9. Run the plugin.
10. Run it before exporting frames from Figma to After Effects.

No offline or local installation is required for the Figma plugin.
